MINOURA

New Three Roller :
*handle a wide range of vehicle from
 BMX to long wheelbase MTB*

MOZ ROLLER

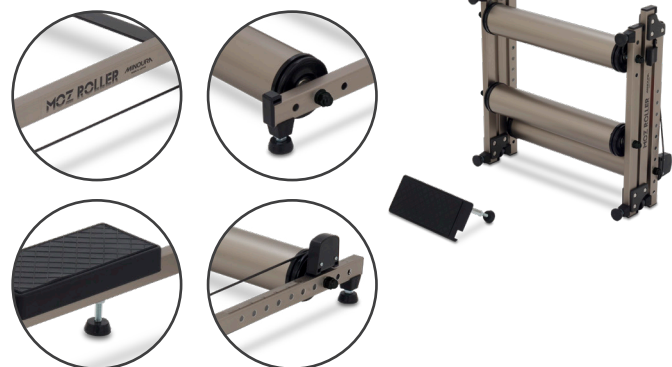

- Compactly foldable into 3 design for easy storage and transport.
- Rustproof and lightweight alloy construction.
- Raised up mid frame works as foot step.
- 80mm diameter alloy roller drum generates natural resistance.
- Painted finish for anti-slip and noise dumping.
- Each roller contains noise insulator for quiet training.
- Black color Roller Belt for larger diameter wheels, Gray color Roller Belt for smaller diameter wheels.

< Roadbike/MTB style >
 Wheel base size : 1,030mm ver.

< BMX style >
 Wheel base size : 775mm ver.
